

Homeless Persons Memorial Day Monday, December 21, 2009

The first day of winter. The longest night of the year.

The following people were known by homeless service providers in Baltimore to have experienced homelessness in 2009. Some died of chronic illness or acute conditions not treated in time. Some died on the streets or while staying in emergency or transitional shelter. Some spent the last few months of their lives in their own apartments. Some were able to reconnect with family and friends before they died. Most died alone and forgotten. We remember them here.
