For Technical Teams

[athenaTelehealth — Configure Network Firewall to Allow New Ports](#)

To support an upcoming 8/21/2025 athenaTelehealth update, all athenaTelehealth customers with a network firewall must configure the firewall to allow the following new ports:

- UDP ports 8801-8804
- TCP ports 8801 and 8802

For Clinical Teams

[Clinical Guidelines Addition and Update](#)

- **What's New:**
 - 1 new guideline added to **Pediatric Preventive Care**
 - 1 guideline updated in **Adult Preventive Care**

[Medications Now Compatible with Latest Epocrates Technology Upgrades](#)

- **What's new:** We've enhanced the Medications module to align with the latest Epocrates updates. These changes support the Medication module's continued ability to receive drug information from Epocrates and render that information as drug monographs or drug-drug interaction alerts.

[Screening Questionnaire Updates](#)

We're updating 3 full screening questionnaires in athenaClinicals. We're also transitioning the CAGE screening questionnaire from full to score-only.

For Billing & Administrative Teams

[CPT II Automation — athenaOne Automates CPT II Codes 2022F, 2023F, and 3072F for Diabetic Eye Exam](#)
