

# TRIAGE, RESPITE, AND ISOLATION (TRI) CENTER AT THE LORD BALTIMORE

Open to individuals and families affected by COVID-19

**Call (443) 984-8915 to learn more. ¡Se Habla Español!**

## **Why is isolation important?**

COVID-19 spreads easily when people are close together. While you have COVID-19, you can protect your family and community by living in a space away from others.

## **Who can stay at the TRI Center?**

Individuals should have a positive COVID-19 result or be awaiting test results AND

- Do not have a home OR
- Cannot separate themselves from others in the household who may be at risk for COVID-19. Families are accepted.

## **How can an individual be referred to the TRI Center?**

Individuals can call directly or be referred by a medical provider or other service organization. Call 443-984-8915 to discuss eligibility.

## **How can I get to the TRI Center?**

If approved, transportation will be provided to bring the resident to the TRI Center.

## **What can I expect during my stay at TRI Center?**

A private hotel room with bathroom and television is provided for each individual or family. Three meals a day and snacks are provided. Residents will be asked to stay within the hotel for the duration of their stay.

A clinical team provides daily monitoring to ensure individuals are safe and have their medical needs met. The clinical team can help with medication refills and connecting to primary care and mental health services. Case managers are available to help with any additional needs.

## **How long can I stay?**

The clinical team will monitor residents to ensure a safe return home. Most residents stay about 10 days.
